James Street
2021 Fellow

"As a Black and Tuscarora first-generation student, the information that I have about the legal profession is very limited in comparison to the information that other law students have. Fortunately, fellowships like the one Robinson Bradshaw offers help tear down the wall that stands between students from disadvantaged backgrounds and the information that is indispensable to an equal career foundation. Because I used the scholarship in part to finance summer housing, I was able to explore many areas of Charlotte, get involved with local communities, and get a head start in choosing where I would live."

Your Summer Program Experience

- **Welcome to the team!** From hands-on legal work and department lunches, to training sessions and after-work activities, your summer experience will mirror that of a new associate. We will also assign you a partner and an associate mentor.
- **Roll up your sleeves.** You will interact directly with clients and other attorneys, and have the opportunity to observe trials, negotiations, closings and depositions.
- **No labels.** Robinson Bradshaw does not assign summer clerks to specific practice groups or departments. This allows you to work with attorneys throughout the firm.

Gregg Hill
2021 Fellow

"Of course the financial help with law school is extremely helpful, but the fellowship means so much more. Receiving the fellowship made me feel like I belonged and that I was on the right track. I remember getting the call from [Robinson Bradshaw's Recruiting Co-Chair] Adam Doerr with the fellowship offer, and it was truly one of the best days I had during the year. In addition, it meant a lot to me that Robinson Bradshaw emphasizes increased minority representation and is a firm that understands the value of diversity."
